### **Dog Judge: Steve Beaumont (Borderbeau)**

I wish to thank the officers and committee for inviting me to judge their extremely well run show which was held at Chievelly Recreational Centre. My only disappointment was that a few of the exhibits were presented to me in a very poor condition, the dogs were dirty, ungroomed and lacked muscle due to no exercise, the owners in question should be ashamed of the way that they presented their dogs, they can offer no excuse.

## **Bitch Judge: Richard Kinsey (Kitarn)**

First of all I would like to thank the committee for the kind invitation to judge the bitches at their open show. I think it is an honour to be asked to judge at a club show when it is your own breed but even more so when it is someone else's. The venue and the organisation was first class with large outside rings and a gazebo to cover the table and two excellent stewards Pat and Sandra. I'll start with a couple of negatives, I found too many lacking in muscle and conditioning, after all they are still "working" dogs and a few with short upper arms that tended to restrict their movement. On the positive side the temperaments were excellent with only one bitch grumbling. Coats were in general well presented with some losing or just coming back which I did not penalise as it's a cosmetic thing and as we know coats come and go but construction is the same all year so I put more emphasis on that side. Quite a few would have had better rear movement if they had better muscle development so they lost out on a top spot because of that. Finally my personal hate is dirty teeth, in older dogs I forgive a little bit but in youngsters there is no excuse. Thank you to all the exhibitors for their entries and the sporting way they took my decisions.

### **MINOR PUPPY BITCH (7, 2)**

- 1 Moshanta Must Move On - Presents a nice balanced outline with good coat that was well groomed. Correct head proportions with dark oval eyes, full clean dentition and ears set well. Strong neck to well laid shoulders and straight front legs with tight feet. Ribs springing well for her age, top line firm with well muscled thighs and turn of stifle. Moved with an effortless gait that she looked as though she could keep up all day.
- 2 Caristan Cause A Storm - another very good example of the breed but not as together as 1 on the move but I've no doubt that will change because she is so well made that it has to with time. Similar in outline to winner with a very good head shape, dark oval eyes and well set ears. Good neck to well angled front assembly and deep chest with well sprung ribs. Stands on tight feet and strong legs, when she settled she moved very well and I'm sure her owner will get the best out of her. Put down in good coat and body condition.
- 3 Jephaniil Sea The Stars
- 4 Grandver In Style
- 5 Caldonbeck Zephyr

### **PUPPY BITCH (6, 2)**

- 1 Jupavia Fifty's Girl **RBPIS** - very good type with strong head yet still feminine, mid brown oval eyes, full dentition and well set ears that she used to her advantage to complete a good expression. Moderate arch to neck into correct front assembly. Straight front legs standing on tight feet. Deep chest with well sprung ribs although a little tucked up. Firm in top line and strong well muscled rear quarters allowing the free easy gait called for, shown to full advantage by her handling giving her BPB and later RBPIS well done.
- 2 Jephaniil Sea The Stars - Stood 3<sup>rd</sup> in MP. This young girl is very full of herself and eager to please so much so that her handler had a job to slow her down to the correct pace and had to keep pulling on the lead which affected her movement. When she did slow down she moved with the minimum of effort. Good head shape with well set ears and eyes, good neck to correct front assembly. Ribs about right for her age, well toned rear that gave her the drive and easy gait called for. If her handler can control her enthusiasm she could do well later on.
- 3 Glenloy Starry Starry Nite
- 4 Skybound Amelia Aerhart

### **JUNIOR BITCH (10, 5)**

- 1 Locheil Moments Like This For Croxlea - First two were very similar in type and outline but 1 was in better coat on the day so that was what split them in the end. Feminine all through with good head and dark eyes and correct ear set. Strong neck to good front. Deep chest and good spring of rib. Firm in top line but rear could be better in muscle toning. Moves very well in profile and coming to but a little close going away. Shown in the best of coats.
- 2 Jupavia May Be Dreaming - Close up to 1 with all the same attributes but not in such good coat and I would like a bit more body on her to complete the picture. Moved as one with her handler.
- 3 Bazentills Miss Anniversary
- 4 Valecroft Willow

### **NOVICE BITCH (9, 4)**

- 1 Moshanta Must Move On
- 2 Jephaniil Sea The Stars
- 3 Arnpriors Midnite
- 4 Valecroft Willow
- 5 Bytchek Fabulous At Moonraker

### **GRADUATE BITCH (10, 6)**

1 Beltane Ice Queen - Good head and expression with dark oval eyes and medium size well set ears. Strong neck into a well constructed front with straight legs and tight feet. Correct body proportions, deep chest and well sprung ribs. Holds a steady top line on the move but does tend to be a bit close going away, in profile she is ok and also coming to. Shown in good clean jacket and body conditioning. Tail set on well, good turn of Stifle and well let down in hock.

2 Locheil Moments Like This For Croxlea

3 Lydeardlea Special Angel

4 Bytchek Fabulous At Moonraker

### **POST GRADUATE BITCH (8, 4)**

1 Goytre Tia's Legacy Of Dreams at Jupavia - 3 year substantial bitch. Very good head proportions strong muzzle, complete dentition, dark oval eyes and well set ears that she uses to full advantage. Straight front, strong bone supported by tight feet. Ribs well sprung and chest deep. Solid in top line with powerful hindquarters allowing an easy gait, moving as one with her very cool handler.

2 Bytchek Elegance - Similar in outline to 1 but not as well covered in body. Correct in front assembly and body but would benefit from a bit more muscle toning on the rear, which in turn would help her hind action going away. Scores well in head and front having well laid shoulders and a straight front. Put down in good clean coat.

3 Lydeardlea Lazy Daisy

4 Kinnaway Duchess In Love

### **LIMIT BITCH (7, 3)**

1 Foxbarton Lady Chandon JW ShCM **REB** - Very good type, strong yet feminine all through, balanced front and rear angulation giving a correct out line that pleases the eye. Good head with dark eyes and ears set apart and used well. Deep chest and good spring of rib, straight front legs standing on the best of feet, with good pasterns. At 3 years old just coming into her prime and that shows in her well muscled rear with good turn of stifle allowing her the easy ground covering effortless pace called for. Another shown in clean jacket and overall body toning.

2 Lydeardlea Buttons And Bows Of Belsmard - Smaller framed than 1 but many of the same attributes being strong in budil with the correct head and eye. Good arch to neck down to front assembly that is matched well to hindquarters again giving the correct minimum lift and easy gait required, just not as positive in front as 1 coming to.

3 Skyvanna Gotta Dream

4 Tonkory Youth Dew For Axernamoon

### **OPEN BITCH (7, 2)**

1 Sh Ch Moshanta Movin' On Up JW ShCM - Close between the first two but the winner has the better rear and as such the move positive rear action going away. Good head all through with dark oval eyes and well set ears that she uses to give the correct expression. Strong neck with slight arch to well made front assembly. Firm in top line keeping the shape on the move. Well muscled hindquarters and strong parallel hocks which gave her the class over 2<sup>nd</sup> place on the move. Shown in well groomed coat.

2 Locheil Really And Truly At Croxlea - Another well made bitch that had a slightly better front than 1 but could not match her in rear movement and side gait. If she were to muscle up a bit more then she should improve in rear as going away she is a bit close. Correct in head and front with deep chest and good ribs, put down in good jacket and presented well.

3 Tonkory A La Carte

4 Shemella Moonlight Shadow

5 Tourelles Sapphire Luna

### **VETERAN BITCH (5, 0)**

1 Sh Ch Caristan Cheers JW **BB BIS BVIS** - Star of the day this bitch screams Border Collie and you can't ignore her. Correct head all through from her well set ears to her complete clean dentition and dark eyes. Strong slightly arched nick to very good front assembly with straight front legs supported by the best of feet and pasterns. Just the right amount of spring to ribs, firm in top line that stays on the move. Balanced rear quarters with parallel hocks, muscular thighs and well bent stifles gives her the construction to work all day with the easy minimum lift required. Shown in very good coat and body condition and handled to get the best out of her. Pleased to award her BIS in complete agreement with my co-judge Steve Beaumont. Well done.

2 Wizaland Stage Whisper With Pikara - At eight years young belies her age as she too has the construction and muscle toning that was sadly lacking in some of the younger exhibits. Good head ratios and another with clean teeth. Strong in front assembly and body but not as true on the hind action as 1 when going away. Holds her top line and shape in profile with the minimum of foot lift. Turned out in very good coat and shown well.

- 5 Shemella Silver Lining

**AOC B&W BITCH (6, 3)**

- 1 Caldonbeck Zephyr
- 2 Bytchek Fabulous At Moonraker
- 3 Tourelles Sapphire Luna

**SPECIAL WORKING BITCH (1, 0)**

1 Foxbarton Lady In Waiting JW - Fit at the proverbial butchers dog with probably the best muscle condition bar one here today. She has all the right body ratios with a strong but feminine head. Well put together front and balanced rear that showed in her accurate easy movement. Unfortunately left her coat at home today but that only made it easier to see how well made she is.
