BEST PUPPY BITCH & BEST PUPPY IN SHOW - Miraje It's Too Darn Hot at Pikara

MINOR PUPPY DOG (3 / 1)

1 Wolfcast Aurora - Raw 6 month old b/w whose head is typical for his age, he has nice dark eyes and scissor bite. Athletic in appearance, he has a very good length of neck. Adequate chest and a straight front with nicely shaped feet. Fine turn of stifle and slightly long hocks. Very long tail, held correctly on the move. Moved steadily maintaining his topline.

2 Sunnydean Fields Of Gold at Rossbrook - Handsome 8 month old ee red with a masculine head and semi erect ears. He has a moderate length of neck, a good chest and nice amount of bone. Level topline, leading on to sloping croup and muscular, well turned stifles. A change of handler may have affected his movement which was rather erratic at times but he is very promising.

PUPPY DOG (7 / 2)

1 Simaro James Bond **BPD** - Immaculately presented 10 month old b/w. Masculine head with semi erect ears and dark eyes. He has a moderate reach of neck, a good depth of chest and shoulder placement. Movement looked good away and back but he lifted his feet a bit high when moving around the ring, creating a bouncing action rather than a smooth gait which cost him higher honours. Very close decision between 1 and 2 but I preferred his overall shape and balance.

2 Jupavia Made For Me - This athletic looking 10 month old has good head properties. He has a lovely reach of neck leading onto well placed shoulders and good chest. Level topline leading to sloping croup and nice turn of stifle. He moved very well around the ring, keeping his long tail down.

His movement around the ring appeared effortless and he was well handled and presented in excellent condition.

2 Tonkory I'm Alright Jack - Well presented B/w litter brother to 1. Very similar in type but slightly longer in body than his brother. He has a good length of neck and lay back of shoulder. Level topline and movement that was pleasing to watch.
