

WESSEX BORDER COLLIE CLUB OPEN SHOW
26th September 2010

Judge: Allyson King (Allyking)

Many thanks for the entry. Some handlers need to find a good stride to match their exhibits, all too often the handlers were not finding a good stride to allow the charge to extend and drive. If the handler takes mincey tiny steps then the dogs tend to follow the stride pattern, please watch some of the more experienced handlers on their handling and presentation skills as you have some really excellent ones. Also watch the width of the pelvis as there are one or two narrow here and this will cause close rear ends, which in one or two was evident. I was pleased with my winners .

BD & BIS Judith Gregory's Tonkory Up And Coming
